CHAPTER _____

An act to amend Section 19605.25 of the Business and Professions Code, relating to horse racing.

LEGISLATIVE COUNSEL'S DIGEST

SB 305, Calderon. Satellite wagering: minisatellite facilities.

Existing law generally regulates horse racing, including satellite wagering on horse races. Existing law authorizes the California Horse Racing Board to authorize certain fairs and racing associations to operate satellite wagering facilities. Existing law authorizes the board to approve minisatellite wagering sites, as defined, under specified conditions. Existing law directs the board to license a minisatellite facility for a period of 2 years.

This bill would, instead, direct the board to license a minisatellite facility for a period of up to 5 years. The bill would also make other technical changes.

The people of the State of California do enact as follows:

SECTION 1. Section 19605.25 of the Business and Professions Code is amended to read:

19605.25. (a) The California Horse Racing Board may approve an additional 15 minisatellite wagering sites in each zone, if all of the following conditions are met:

(1) No site is within 20 miles of a racetrack, a satellite wagering facility, or a tribal casino that has a satellite wagering facility. If the proposed facility is within 20 miles of one of the above-referenced satellite facilities, then the consent of each facility within a 20-mile radius must be given before the proposed facility may be approved by the board.

(2) An agreement in accordance with subdivision (a) of Section 19605.3 has been executed and approved by the board. In addition to the requirements set forth in that provision, the agreement shall specify which components of its racing program, including live, out-of-zone, out-of-state, and out-of-country races, an association or fair will make available to the site. The terms and condition of the agreement, including all fees payable pursuant to paragraph

(3) of that provision, a portion of which may be paid to horsemen in the form of purses, shall be subject to the approval of the horsemen's organization responsible for negotiating purse agreements with the association or fair.

(3) The site is approved by the board.

(4) The wagers are accepted in an area that is accessible only to those who are at least 21 years of age.

(5) The board has approved the accommodation, equipment used in conducting wagering at the site, communications system, technology, and method used by the site to accept wagers and transmit odds, results, and other data related to wagering.

(b) Parimutuel clerks shall be available to service the self-service tote machines at these locations, and to cash wagering vouchers on a regularly scheduled basis.

(c) Until January 1, 2013, if the proposed minisatellite wagering site is in the northern zone in a fair district where the fair has operated a satellite wagering facility for the previous five years, the approval of the fair must be obtained even if the proposed location is more than 20 miles from the existing satellite wagering facility operated by the fair.

(d) For purposes of commissions, deductions, and distribution of handle, wagers placed at minisatellite sites shall be treated as if they were placed at satellite wagering facilities authorized under Section 19605, 19605.1, or 19605.2. Section 19608.4 shall apply to minisatellite wagering facilities.

(e) The written consent of the San Mateo County Fair shall be obtained prior to the approval of any minisatellite wagering site located within a 20-mile radius of its fairground.

(f) Minisatellite wagering facilities created pursuant to this section are not eligible for satellite wagering commission distributions pursuant to Section 19604.

(g) The board, in adopting regulations to implement this section, shall minimize the expense to both the operator of the minisatellite facility and the host racetrack.

(h) If there are more than 15 applications for minisatellite wagering facilities in any zone, the board shall determine which facilities will generate the largest handle, and give priority to the approval of those facilities. The board shall license a minisatellite facility for up to five years, and then review the operation and the size of the handle, and determine if it is in the best interest of horse

racing to relicense the facility or, in the alternative, license another minisatellite facility that might generate a greater handle.

(i) Except as may be provided in the agreement required pursuant to paragraph (2) of subdivision (a), no association or fair shall be required to make all or part of its racing program available to a minisatellite wagering facility. Notwithstanding subdivision (e) of Section 19608.2, all costs incurred by the organization executing that agreement in excess of the amounts distributable to the organization from wagers placed at the site on that racing program, shall be borne by the minisatellite wagering facility.
